**Implant Restorations**

## EXPECT MORE AND GET MORE WITH NDX

NDX offers restorations for all different types of dental implant brands. Whether it is stock or custom, ceramic or zirconia, we make it possible for you to select the ideal solution for each patient. You have the comfort of using the implant company that you are most familiar with, while ensuring that you are working with a lab that is focused on quality.

With more than 100 years in business, NDX is the largest lab consortium in the United States with over 30 labs nationwide. We focus on artistry and fit so that your patients are happy with their new teeth.

**EXPECT MORE.** Call **844.295.6337** or visit **NationalDentex.com/IRB** today for more information and have us restore your next implant case!

**Be sure to ask us about our implant bundles!**

## CROWNS

NDX offers crowns in a large variety of options to ensure your implant case is as aesthetic as possible.

### Zirconia

- Verotek™ Aesthetic
- Verotek FCZ (full-contour zirconia)
- Verotek Layered

### Full Ceramic

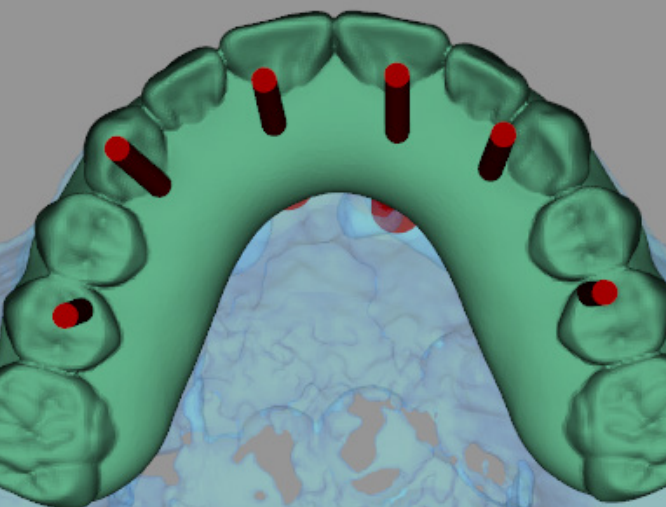

- PearlPress™
- PearlPress Layered
- IPS e.max®

### Porcelain-Fused-to-Metal
