3M™ True Definition Scanner

Doctors with a 3M True Definition scanner can send digital impressions directly to NDX Lumident through the 3M Connection Center.

To send a file:

1) Log in to your 3M Connection Center Account that was created when your scanner was installed. If assistance is needed, please contact 3M Digital Impression Customer Service at 877.722.6528.

2) Verify that NDX Lumident and NDX Lumident (No Model) are available under the Scanner Laboratory menu.
   - If not, please contact 3M Digital Impression Customer Service (877.722.6528) and request that these profiles be added to the scanner menu.

3) Select the NDX Lumident profile from the drop-down menu that matches your case preference:
   - NDX Lumident (choose this option when requesting models)
   - NDX Lumident (No Model*) (choose this option when requesting modeless restorations)

4) Complete the intraoral scan and select the NDX Lumident profile that meets your model preference.

5) Complete the True Definition online Rx.

6) Upload the scan data to the 3M Communication Center.

* Dentists may request a modeless monolithic restoration by selecting the NDX Lumident (No Model) profile that has been previously added to the scanner menu (see step 2 above).
