

Your Implant Restoration Lab Partner

At NDX Rogers, we take pride in our implant restorative procedures expertise.

Our team of skilled technicians is well-versed in all major implant brands, ensuring optimal outcomes for single-unit, multiple-unit and full arch restorations. With years of shared experience, our talented specialists are dedicated to delivering quality and consistency in every case. Coupled with our competitive and transparent implant bundle pricing with no hidden fees, NDX Rogers stands as the preferred lab partner in implant laboratory services.

What Kind of Implant Work Do We Do?

Here at NDX Rogers, we specialize in Fixed Crown and Bridge Implant restorations, Full Arch Screw-retained restorations, Hybrid Overdenture Bar restorations, Locator Fixed® and Removable restorations, Ball Abutments, ERA cases and support for all major implant brands.

What Makes NDX Rogers A Preferred Lab Partner?

We provide top-notch customer service, treatment planning and chairside assistance. We focus on artistry and fit so that you and your patients are happy with their new teeth.

The technicians at NDX Rogers are very meticulous and detail-oriented. Their implant work is particularly spectacular! They communicate with me fully so we can save time and get the cases seated as quickly as possible, and the beautiful work they do with implant-retained overdentures and fixed hybrids will, honestly, take your breath away! If you're looking for a lab that cares about the quality of your cases and always does their very best for you, give NDX Rogers a call!"

DR. JEAN E. MARTIN, D.M.D. / CORBIN, KY

Meet Our Implant Restoration Superstars!

We are proud to have a talented team of technicians dedicated to delivering quality and consistency. With hundreds of years of combined experience, our experts bring deep knowledge to every implant case, confidently handling even the most complex restorations with precision and care. Whether it's a single-unit or a full arch restoration, our team ensures outcomes that meet the highest standards of excellence.

To contact any of our Implant Restoration Specialists, please call 800.278.6046.

JAY ROGERS | General Manager

jay.rogers@nationaldentex.com

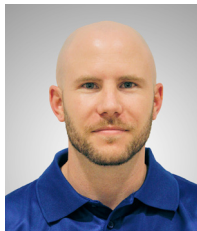

From Implant Specialist to General Manager, Jay brings 32 years of experience in the dental industry focusing on customer communication and the patient. Jay specializes in removable and fixed products and CAD/CAM design.

BARRY BEATY | Removable Department Manager

barry.beaty@nationaldentex.com

Barry has more than 41 years of experience working in dental laboratories, making his mark on removables, crowns, bridges and implant restorations.

JUSTIN BRANCH | Fixed Department Manager

justin.branch@nationaldentex.com

Part of the NDX network since 2013, Justin joined NDX Rogers as a CAD/CAM Technician designing implant abutments in 2016. Just two years later, he assumed the role of CAD/CAM Manager and then became the Fixed Department Manager due to his technical expertise.

MEGAN MOSES | Fixed Implant Technician

megan.moses@nationaldentex.com

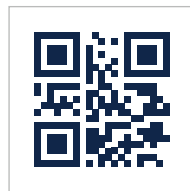

Megan began her career with NDX Rogers in our Fixed Department model room, but her eagerness to learn quickly took her to scanning, milling and now designing implant-supported crowns. She is a valuable asset to our Implant Team.

KELLY SAMPSON | Removable Finish/Repair/Reline Manager

kelly.sampson@nationaldentex.com

With 24 years of experience working in dental laboratories, Kelly started in overnight repairs and moved into Finishing. Kelly's eye for detail and quality propelled him into leadership in the Removable Department. In 2011, Kelly assisted the founder of NDX Rogers in a chairside doctor visit. Kelly gained valuable skills and experience while shadowing Roy Rogers and now leads many of our chairside appointments.

We look forward to working on your implant cases!
