

Your Implant Restoration Lab Partner

At NDX Green, we take pride in our implant restorative procedures expertise.

“

Having partnered with NDX Green for 30+ years, I can say they deliver white glove service to the dental professional. Precision and excellent communication from highly experienced lab professionals allow case design, fabrication and delivery to flow seamlessly, producing implant teeth that flow into the natural dentition.”

DR. KATHLEEN EDERLE / LITTLE ROCK, AR

Our team of skilled technicians is well-versed in all major implant brands, helping to ensure optimal outcomes for single-unit, multiple-unit and full arch restorations. With years of shared experience, our talented specialists are dedicated to delivering quality and consistency in every case. Coupled with our competitive and transparent implant bundle pricing with no hidden fees, NDX Green stands as a preferred lab partner in implant laboratory services.

What Kind of Implant Work Do We Do?

Here at NDX Green, we specialize in Fixed Crown and Bridge Implant restorations, Full Arch screw-retained restorations, Hybrid Overdenture Bar restorations, Locator Fixed® and Removable restorations, Surgical Guides, Ball Abutments, ERA cases and support for all major implant brands.

What Makes NDX Green A Preferred Lab Partner?

We provide top-notch customer service, treatment planning and chairside assistance. We focus on artistry and fit so that you and your patients are happy with their new teeth.

Meet Our Implant Restoration Superstars!
